

RECORD-BREAKING SHEEP SALE MADE

Hansen Sells Thirty Head for
Two Thousand Dollars
Cash.

STOCKMEN SAY THAT UTAH
HAS TAKEN THE LEAD

Utah Has Been Well Advertised
and Big Benefit Will
Result.

The biggest single sale of registered Rambouillet sheep ever reported in America was made by W. S. Hansen of Collinston, Utah, Saturday afternoon at the State fair grounds. Hansen sold thirty head of aged ewes, from two to five years, for \$2000, or an average of \$66.66 2/3 per head. The purchasers of this small band of registered stock were P. C. Peters of Ephraim, Utah, and L. Anderson of Manti, Utah.

Shortly after this big sale was made, Hansen sold twenty-one head of ram lambs to Wilford Day of Parowan, Utah, for \$1500. Hansen has been a breeder for fancy stock for many years, and is well-known all over the country. There are no better sheep than he has, and whenever he offers any for sale they go under brisk demand. John H. Sealey of Mt. Pleasant was the next heaviest seller at the grounds yesterday. He disposed of fifty head of ram lambs, all that he had, for prices ranging from \$50 to \$100 per head. Sealey could have sold a great many more sheep, and although he has three thousand registered Rambouillets, he only allows a limited number to go each year. Stockmen buy these for crossing to their grade herds on the ranges. The board of regents of the Agricultural college of Logan sent word to Sealey that they wanted the Durham 221 he had on exhibition at the sheep show. Sealey had a flattering offer for this animal by some Colorado people but up to the present time has not decided to let go of the fine specimen.

Fortune Made by Allen.
J. R. Allen of Draper, Utah, made several important sales yesterday, but his sales were nowhere near as large as those made of the day before. He sold four Cotswold rams to the Newport Livestock company of Rock Springs, Wyo., for \$100 per head, and two ram lambs to S. F. Covey of this city at \$100 each and also a yearling for \$100. Allen stated that he had contracted for nearly his entire output of registered Cotswold lambs for the coming season, which involves a handsome fortune, the sum of \$25,000. He will send sheep to all parts of the United States. He owns the champion Cotswold ram and ewe of America, which he had in display during the past show.

Few Visitors Present.
It was rather a quiet day for the sheepmen at the fairgrounds as far as visitors were concerned. There were a few that went down to see the sheep, among the most prominent being President Joseph F. Smith of the Mormon church. He and several friends carefully inspected all the sheep and seemed to be well pleased with the show. More ladies visited the grounds than were seen the preceding day. Stockmen, who were buying, were there in evidence. Several thousand dollars changed hands during the afternoon. The sheep were looked over time and time again by the prospective buyers before they could come to any decision. As all the stock was of the best, probably made no difference which they took. It was all good, that is if it had anything to do with the quality. It was a mystery to the general observer why people paid such high prices for sheep. They could not understand how any one could pay such fancy prices and they buy mutton in the butcher shops for ten and fifteen cents per pound, little understanding that these high-priced sheep never see the butcher's cleaver.

The stockmen said that it was the most successful sheep show ever held in the West, and all were so well satisfied that an attempt will be made to hold annual sheep shows during the winter. W. S. Hansen said that it was a surprise to all to see the fine display of sheep. He said that it was no easy

To overcome the well-grounded and reasonable objections of the more intelligent to the use of secret, official compounds, Dr. R. V. Pierce, of Buffalo, N. Y., some time ago, decided to make a book departure from the usual course pursued by the makers of such compounds for domestic use, and to his published broadcast and open to the whole world, a full and complete list of all the ingredients entering into the composition of his widely celebrated medicines. Thus he has taken his numerous patrons and patients into his full confidence. Thus too he has removed his medicines from among secret nostrums of doubtful merits, and made them medicines of known composition.

By this bold step Dr. Pierce has shown that his formulas are of such excellence that he is not afraid to subject them to the closest scrutiny. Not only does the wrapper of every bottle of Dr. Pierce's Golden Medical Discovery, the famous medicine for weak stomach, liver or biliousness and all catarrhal diseases, wherever located, have printed upon it, in plain English, a full and complete list of all the ingredients composing it, but a small book has been compiled from numerous standard medical works, of all the different schools of practice, each and every ingredient contained in Dr. Pierce's medicines. One of these little books will be mailed free to any one sending address on postal card by letter, to Dr. R. V. Pierce, Buffalo, N. Y., and requesting the same. From this little book it will be learned that Dr. Pierce's medicines contain no alcohol, narcotics, mineral agents or other poisons or injurious agents, and that they are made from native medicinal roots of great value, also that some of the most valuable ingredients contained in Dr. Pierce's Favorite Prescription for weak women, overworked "run-down" nerves, and debilitated women, were employed, many years ago by the Indians for similar ailments, affecting their women. In fact, one of the most valuable medicinal plants entering into the composition of Dr. Pierce's Favorite Prescription is the "Sassafras" tree. Our knowledge of the use of not a few of our most valuable native medicinal plants was gained from the Indians. As made up by improved and exact processes, the "Favorite Prescription" is a most efficient remedy for regulating all the various functions, correcting displacements, a prolapse, a retention and retroversion of the uterus, and a perfect state of health.

matter to secure nine hundred head for exhibition purposes, as was the case in this instance. He believed that the show had done Utah a world of good and will do more to place the State before the stockmen in the East and West than anything that Utah has ever had. People who came from the East to the Woolgrowers convention expecting to find an inferior exhibition of sheep than is exhibited in East were more than astonished. It is now a well established fact that Utah leads the United States in fine-bred sheep, and from what the local woolgrowers say they intend to keep the State in the lead if fine-bred stock can do it.

Nearly all of the sheep on the grounds were loaded on cars last night and shipped home. Several head were left over, which will be taken away today and tomorrow. The sheepmen left with regret as they were doing a wholesale business, and would have liked to see the show continued for one or two more days.

Ejected From Convention.

GUTHRIE, Okla., Jan. 19.—(Capt. Silas Sealey of Guthrie, formerly a member of the Legislature from Oklahoma and a wealthy citizen, was ejected from the Constitutional convention here today by President Murray, as the result of a contention regarding the President's order respecting the "Jim Crow" section of the hall. President Murray recently set aside a certain section for negroes and Capt. Sealey had occupied a seat in this section upon several occasions.

Tried to Hold Up Saloon.

RED LODGE, Mont., Jan. 19.—Archie White is under arrest at this place on the charge of having attempted to hold up a saloon, in which effort he was frustrated by an habitue who managed to get behind him and lock his arms while he was holding a leveled Winchester at the head of the bartender.

From Chicken-Pox to Cholera

Cure-Alls No Longer Tolerated.

In early days every barber shop was an operating room and the town physician resorted to bleeding as the sure cure for all ailments, from chicken-pox to cholera. As a result, many, including our first President, died prematurely.

The present low rate of mortality is due in large measure to the advances made in medical science and the knowledge of the specific treatment needed for each disease known.

There is no disease more common among American and English people than dyspepsia. So prevalent has it become that thousands suffer with it half unconsciously, consider the symptoms as natural to their physical constitution and resign themselves to living on in that condition.

There is a remedy for dyspepsia, and only one, recommended and endorsed generally by physicians: Stuart's Dyspepsia Tablets have stood the test of years of use by millions of sufferers.

Stuart's Dyspepsia Tablets relieve the stomach and bowels in a perfectly natural way by helping them to do their work. If the stomach is weak in gastric juice, Stuart's Tablets make up the deficiency. If the muscles are inactive, Stuart's Tablets invigorate them. Stuart's Dyspepsia Tablets digest every form of food entering the stomach, one grain of the active principle of these Tablets being capable of digesting 3000 grains of meat, eggs and other foods. They are not cathartic pills—their action is simply that of a digestive.

Stuart's Dyspepsia Tablets cure nothing but dyspepsia, waterbrash, sour stomach and kindred ailments resulting from the imperfect digestion of food, but these diseases they positively cure.

We will gladly send you a trial package to prove the truth of our claims. Stuart's Dyspepsia Tablets can be gotten of all druggists at 50 cents. F. A. Stuart Co., 69 Stuart Bldg., Marshall, Mich.

Clearinghouse Statement.

NEW YORK, Jan. 19.—The statement of the clearing-house banks for the week shows that the banks held \$18,460,700 more than the legal reserve requirements. This is an increase of \$9,826,000 as compared with last week.

The statement follows:
Loans, \$1,653,937,390; increase, \$15,148,600.
Deposits, \$1,042,434,400; increase, \$33,312,000.

Circulation, \$53,431,950; increase, \$3,000,000.
Legal tender, \$56,455,700; increase, \$3,182,000.
Specie, \$192,419,590; increase, \$15,009,000.

Reserve, \$297,069,300; increase, \$18,198,000.
Total, \$2,072,307,000; increase, \$8,375,000.
Surplus, \$18,460,700; increase, \$9,826,000.

U. S. United States deposits, \$22,595,025; increase, \$9,826,750.
The financial statement of the New York Association banks showed a cash gain in excess of that which was estimated on the basis of the traceable movements of money during the week. Though there was a large expansion of loans, contributing with the increase in cash to an almost unprecedented augmentation of deposits and consequently of reserve requirements, the surplus was increased by an amount greater than one and three-quarter millions than that reported at the corresponding date in 1906, and within one million of the maximum surplus in that year.

The increase in cash was \$18,198,000, this chiefly resulting from the disbursements of seven and two-fifths millions by the sub-treasury, the excess of two and two-fifths millions receipts over disbursements as shown in the interbank movement and probably also the broom over requirements, the surplus was increased by an amount greater than one and three-quarter millions than that reported at the corresponding date in 1906, and within one million of the maximum surplus in that year.

Countess Visits Thaw.

NEW YORK, Jan. 19.—The Countess of Yarmouth visited her brother, Harry K. Thaw, in his cell in the Tombs today. Mrs. William Thaw, the prisoner's mother, and his wife, accompanied the Countess. Her mother's mother was so affected by the scene that she was overcome by her emotion and hurriedly left the prison.

Bingham Society

Special to The Tribune.

BINGHAM, Jan. 19.—The ladies of Pooehontas lodge gave a sleighing party Wednesday afternoon and, after enjoying their outing they partook of a Dutch supper at Mrs. A. W. Foreman's residence. Mrs. V. B. Jones assisting. The members of the lodge are Mesdames Dunsmore, Schleip, Bagley, Jones, Marriott, Hileman, Alexander, G. Elliott, Herrick, M. Clays, Howard, T. Raleigh, Foster, Hogan and Foreman.

Mr. and Mrs. Dean Wilcox returned to Bingham after an extended visit with relatives in Iowa and the sad duty of burying their little son at Spanish Fork.

Miss Walker, school teacher, spent Sunday with friends at Last Chance mine.

A Jainty Kensington tea was given at the cozy home of Mrs. Joe Rutledge at Highland Boy, about ten guests being present.

Mr. and Mrs. Harry Arnes have returned to Bingham after an effort to be satisfied with a residence in Salt Lake, but the love for the old camp predominated.

Dr. A. L. Inglesby and wife visited Zion during the week.

After an illness of a week Mrs. J. L. Jeffrey returned to camp from Salt Lake.

Mr. E. L. Kraemer will entertain the Friday Whist club at the Yampa smelter January 25.

Mr. and Mrs. Dan McMillan and Misses Della and Blanch Coakley left for Goldfield, their intended home.

G. Crane, an old settler of Coperton, is seriously ill and his life is despaired of. Mr. Crane has been a constant reader of The Tribune for years, and ought to improve rapidly.

Mr. and Mrs. Archie Green are temporarily located at the Elmerston hotel.

Philip Raleigh is now town marshal in place of G. W. Grant, who resigned to engage in business for himself.

Rebekah lodge met and installed officers, the following being elected: Noble grand, Mrs. Scherder, vice-noble grand, Mrs. Fairholm; secretary, Mrs. Stevens; treasurer, Mrs. Richards, and chaplain, Miss Evans. The L. O. O. F. lodge also installed officers, they being: Noble grand, Mr. Herman, vice-noble grand, Mr. Maxwell; secretary, F. S. Ellis; treasurer, Oscar Holstein, and chaplain, Mr. Hicks. After the installation of the officers, both lodges jointly enjoyed a big spread prepared by the ladies mentioned.

Foreman Beck and G. W. Joll of the United States mines went to the valley to purchase horses.

Arthur L. Pierce of the Utah Apex was in camp Sunday last.

P. G. Donohue of the Bingham Standard started his property Sunday, returning the same evening.

Al Zuckewert of Coperton, accompanied by a lady friend, went for a sleigh ride Sunday evening, which terminated suddenly at Lead Mine by the horses becoming frightened, upsetting and demolishing the sleigh, bruising Zuck (as he is known) and then requiring his lady friend to walk to Coperton for assistance. No other serious results.

Mr. Moore is now installed as manager of the Utah Independent Telephone company, in place of E. G. Fehrbach, who left some time ago for Butte, Mont.

Mr. and Mrs. W. H. Weed returned from the city early in the week. William Smith, a driver for Paul Lundy's stage, and an old resident of Bingham, died at St. Mark's hospital, where he had been taken with an attack of pneumonia contracted from a cold. He had many friends here who will miss him.

CASTRO NEAR GRAVE

Official Bulletin Reporting His Improvement Generally Discredited.

CARACAS, Jan. 16, via Willemstad, Jan. 19.—President Castro's condition is undoubtedly very grave. The official bulletins are optimistic, but their statements are generally discredited. Last night the death of the President was momentarily expected, but today he is again reported to have improved.

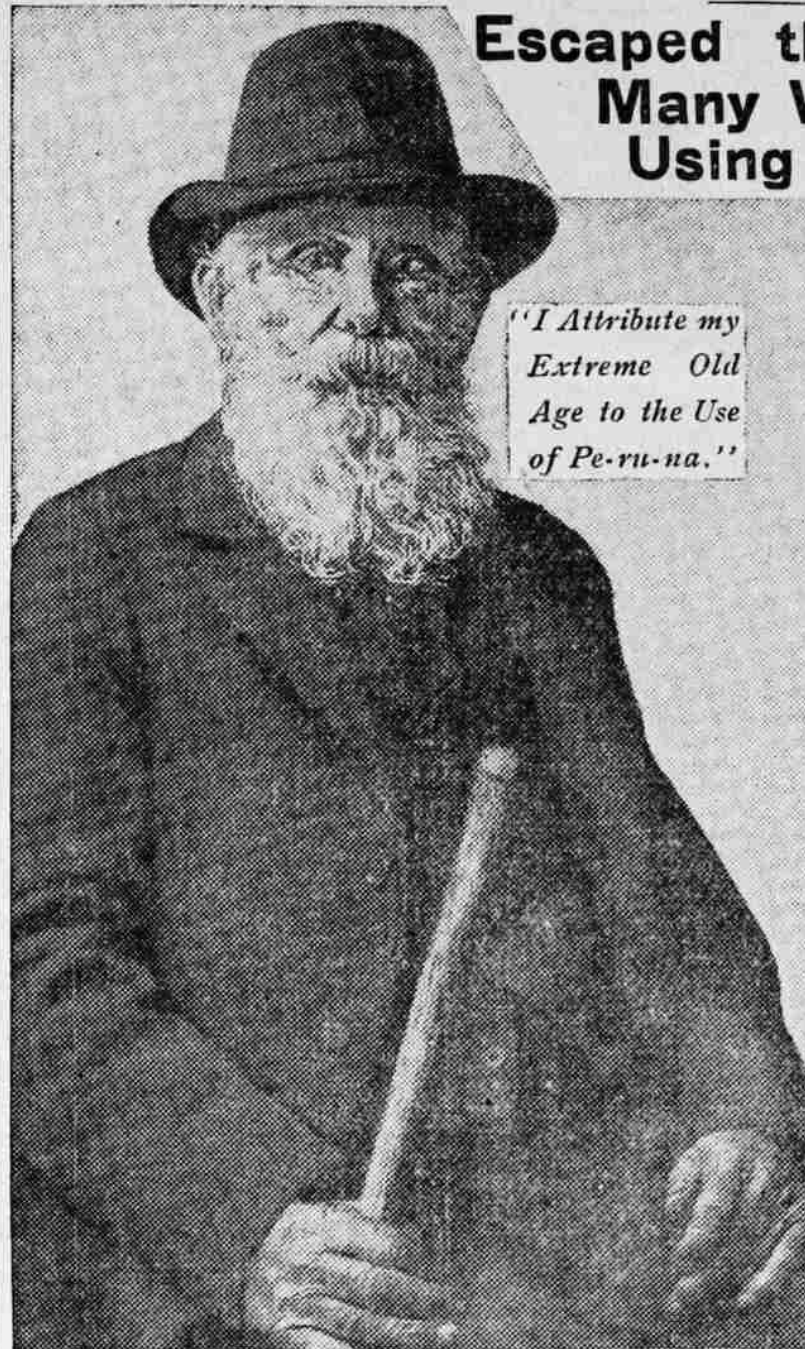

Gen. Castro lies at his home at Macuto, near the sea, attended by his wife and physicians. He receives hardly any visitors, and on January 13 orders were issued that no music be played in the vicinity of his residence.

Gillette Appeals Case.

LITTLE FALLS, N. Y., Jan. 19.—Notice of appeal in the case of Chester Gillette, the convicted murderer of Grace Brown, was filed today. Gillette is under sentence to die at Auburn prison during the week beginning January 25.

THE OLDEST MAN IN AMERICA

Escaped the Terrors of
Many Winters By
Using Pe-ru-na.

"I Attribute my
Extreme Old
Age to the Use
of Pe-ru-na."

IN speaking of his good health and extreme old age, Mr. Brock says: "After a man has lived in this world as long as I have, he ought to have found out a great many things by experience. I think I have done so."

"One of the things I have found out to my entire satisfaction is the proper thing for ailments that are due directly to the effects of the climate. For 118 years I have withstood the changeable climate of the United States."

"I have always been a very healthy man, but of course, subject to the affections which are due to sudden changes in the climate and temperature."

"As for Dr. Hartman's remedy, Peruna, I have found it to be the best, if not the only reliable remedy for these affections. It has been by standby for many years, and I attribute my good health and extreme old age to this remedy."

"It exactly meets all my requirements. It protects me from the evil effects of sudden changes; it gives me strength; it keeps my blood in good circulation. I have come to rely upon it almost entirely for the many little things for which I need medicine."

"When endemics of la grippe first began to make their appearance in this country I was a sufferer from this disease."

"I had several long sieges with the grip. At first I did not know that Peruna was a remedy for this disease. When I heard that la grippe was epidemic catarrh, I tried Peruna for la grippe and found it to be just the thing."

In a later letter, Mr. Brock writes: "I am well and feeling as well as I have for years. The only thing that bothers me is my sight. If I could see better I could walk all over the farm and it would do me good. I would not be without Peruna."

Yours truly,
ISAAC BROCK.

A letter dated July 3, 1906, written for Mr. Brock by his wife, Sarah J. Brock, states:

"Last winter I had just gotten up out of a spell of sickness, when I commenced taking Peruna. I think it improved my health very much."

In a postscript Mrs. Brock adds: "He receives a great many letters inquiring about what Peruna will do. I do not answer them all, as I think they can get a bottle and try it."

Mr. Isaac Brock, 117 Years Old Last Birthday.

ISAAC BROCK, a citizen of McLennan county, Texas, has lived for 118 years. For many years he resided at Bosque Falls, eighteen miles west of Waco, grand old man of the valley at Valley Mills, Texas.

Some time ago, by request, Uncle Isaac came to Waco and sat for his picture, holding in his hand a stick cut from the grave of General Andrew Jackson.

Mr. Brock is a dignified old gentleman, showing few signs of decrepitude. His family Bible is still preserved, and it shows that the date of his birth was written 118 years ago.

Born before the United States were formed. Saw 22 presidents elected. Pe-ru-na has protected him from all sudden changes. Veteran of four wars. Shod a horse when 99 years old. Always conquered the grip with Pe-ru-na. Witness in a land suit at the age of 110 years. Believes Peruna the greatest remedy of the age for catarrhal troubles.

SAYS LAW IS WRONG

Japanese Father Holds No Ill Will Against Californians.

SAN FRANCISCO, Jan. 19.—M. Aoki, father of the 10-year-old boy who has been selected as the plaintiff in the test suit brought by the Government in the school controversy, gave an interview today in which he told of his hopes for the boy and his plans in the present suit. He said that when the Board of Education made its order segregating the Japanese children from the other pupils he refused to let the boy go to the Oriental school, because he considers there is no lack of equality between the Japanese and other foreigners.

"My boy will remain here," he said, "and will not go back to Japan. I intend to prepare him for the university. I have no ill feeling in the matter. As I realize that the Board of Education is enforcing the law, but I consider the law wrong. We are not Mongolians—we are Asiatics."

Aoki, who is a book seller and publisher, has recently issued a copy of the Third Reader, in which the English and Japanese are interlined, so as to be of great assistance to the Japanese children.

NEW SHAH CROWNED

Mohammed Ali Mirza Is Now the Ruler of Persia.

TEHERAN, Jan. 19.—Mohammed Ali Mirza was crowned Shah of Persia in the palace this afternoon. The ceremony occurred in the apartment known as "the museum," the Ministers, diplomats, princes and nobles all attending in full uniforms and many-hued garbs, which, combined with the rich hangings and decorations of the wall, formed a notable picture.

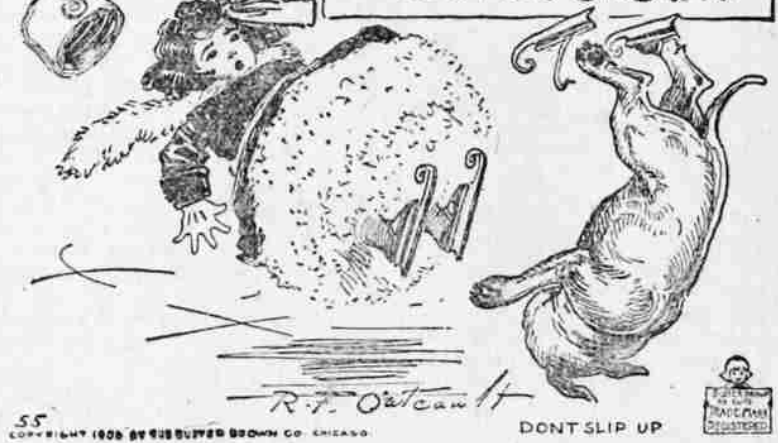

The coronation passed off without a hitch. There was a general illumination tonight in honor of the Shah's coronation. The American and other foreign legations have arranged to make special displays.

Relief for Refugees.

NEW YORK, Jan. 19.—The steamer Allegheny, with supplies of food, clothing and medicine for Japanese, for the earthquake sufferers, sailed today.

SAVE YOUR HAIR
WITH

NEWBRO'S HERPICIDE

The time to save your hair, is while you have hair to save. Newbro's Herpicide kills the germ that causes dandruff, itching scalp and falling hair, after which the hair is bound to grow as nature intended (except in cases of chronic baldness.) Herpicide stops itching of scalp almost instantly.

I find that Herpicide will do all you claim for it. I am now on my second bottle and it has cleansed my head nicely and I can see new hair coming in. It also stopped my hair from falling out and I am well pleased with it and will do to recommend it to all.

(Signed) R. L. LEIGH.
Hopkinsville, Ky.

I wish to say that I have used part of the bottle of Herpicide that you sent me and I think it is a good tonic and have recommended it to quite a number of my friends. I believe it will cure dandruff and it is a splendid and delightful hair dressing.

(Signed) H. J. FORSDICK.
Memphis, Tenn.

I have given your Herpicide a thorough test. I can cheerfully say that it is the best Hair Tonic I have ever used. It will be one of our household remedies from now on and will surely recommend me to all my friends and acquaintances.

(Signed) PETER PEHL.
Sedalia, Mo.

You very kindly sent me a bottle of your Herpicide and I gladly answer your inquiry as to its qualities. I have used it now for some time and know it to be the best thing for the hair I have ever used and it keeps my hair free from dandruff and as soft as silk. I have induced several of my friends to use it and they are pleased with it.

(Signed) W. M. SHOOK.
